

HOW CAN YOU GET INVOLVED?

It is exciting to see what God is doing through the young people who study at Word of Life Hungary Bible Institute! Most of our graduates return to minister in their home countries, where the Gospel is desperately needed.

For only \$125 a month, you can have an eternal investment in the life of a Bible Institute student.

Although a monthly gift of \$125 will support one student entirely, a gift of any amount is greatly appreciated. Perhaps your small group or Sunday school class would like to support a student together? The possibilities are endless, and the rewards are eternal!

THE BIBLE INSTITUTE SCHOLARSHIP PROGRAM

Many of the students at Word of Life Hungary Bible Institute come from all over Hungary and other struggling Eastern European countries. Because of these countries' financial situation, most students who desperately want to study the Word of God, do not have the financial resources to do so. It is our goal at Word of Life Hungary to give every young person the opportunity to study the Bible, regardless of his or her financial situation. Yet, we cannot reach this goal alone; we rely on the faithful gifts of fellow believers.

In response to this need, we have developed an exciting and interactive scholarship program for the year ahead. With this scholarship program, each student in need of funds will be paired with a financial sponsor or small group. The student will update the sponsor on what God is doing in and through them.

WHAT DOES THE PROGRAM INVOLVE?

The student will send a biography about his/her life, salvation experience, and their plans for the future. During the school year, the student will be required to update his or her sponsor(s) about what they are learning in class, what God is teaching them personally, and how their weekend ministry is progressing.

Our desire is that each sponsor experiences the great joy of seeing their financial investment produce eternal dividends in the life of a student that they support.

Your small investment will not only allow a student to study at the Bible Institute, but it will help to prepare him/her for a lifetime of ministry around the world!
